6m : 24x bolt C (25mm)
7m : 30x bolt C (25mm)

24x dowel

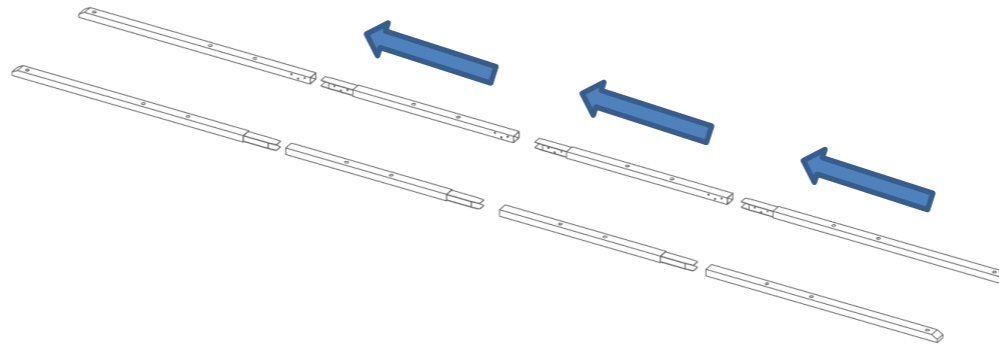

24x washer

Assembly Instructions

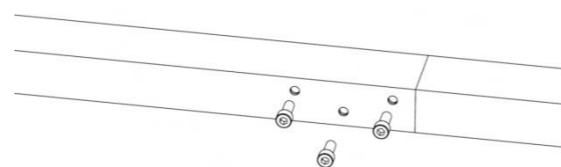

Make sure you assembled all the single tables as mentioned in **manual 1**

1 Assemble 3 tables as described in step 1-6 of the assembly instructions of the Vis a Vis table 1m (01773).

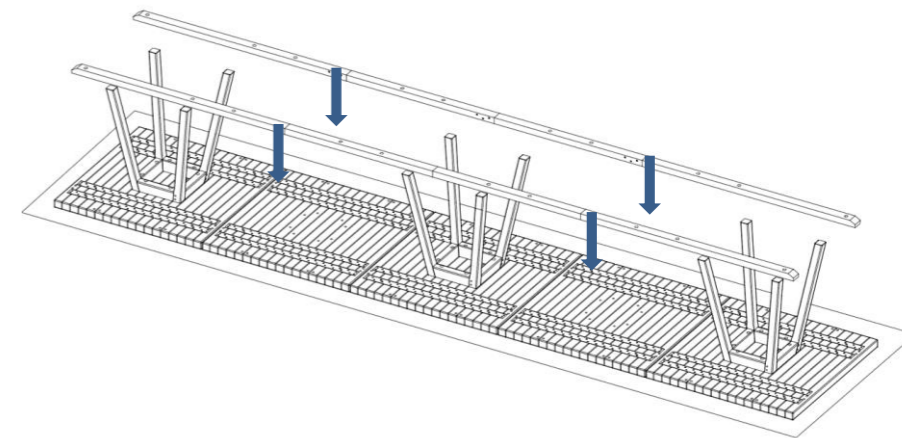

2 Take the left support EXT's and slide them into the left support A and B as shown in the picture below. Mind that the holes A are directed to the inside of the table.

3 Take 3 bolts C and screw them into the holes to connect the supports as shown in the picture below. Repeat this step for each connection of the supports at the inside of the table.

4 Put the table tops and tables upside down on a protective cover. Align the holes in the assembled supports with the designated holes on the bottom of the tabletops. Make sure holes A are pointing to the inside of the table.

5 Secure the assembled supports to the table tops using 80 mm bolts A.
